

It's fast. It's powerful.
It's Lightning Cloud.™

The topsOrtho™
High-Performance cloud.

Lightning Cloud annihilates time-consuming backups, obliterates expensive, in-office servers, empowers practices with a more efficient workflow. It focuses all digital data into a single, unified platform surrounded by iron-clad security for maximum data protection.

Plus a few more things that may come in handy in a busy orthodontic practice:

- Lightning fast speed, even with high-res images
- Automatic feature upgrades
- Built-in, 2-way appointment reminders
- No server headaches
- Built-in letter writing
- Legendary reliability (never down!)
- Available 24/7 with any internet connection
- Automatic backups
- No IT costs
- Big savings on hardware

Lightning Cloud—the fast, easy, reliable, and secure high-performance cloud.

To learn more about topsOrtho, ask any of our 1,200-plus customers (did we mention our 99% customer retention rate?). We're ready to talk cloud when you are.
